

**REMARKS**

Entry of this Amendment is requested prior to examination on the merits.

The Title of the instant application as filed included a typographical error, specifically, the word "reservoir" was misspelled "reservior". As a matter of record, Applicants herein amend the title as filed to reflect the correct spelling of the word "reservoir."

As all supporting documents (i.e., application transmittal, declaration and assignment) as filed consistently used the term "reservior" to identify the subject application, there is no issue as to the identity of the application subject of those documents. Accordingly, except for the concurrently filed Request for Corrected Filing Receipt (which also corrects an error in the title attributable to the USPTO), no further corrective action is believed necessary.

In the event that a telephone conference would facilitate prosecution of this application in any way, the Examiner is invited to contact the undersigned at the number provided.

**AUTHORIZATION**

Applicants believe that no fees are necessary for the submission of this Preliminary Amendment, however, should any fees be due, the Commissioner is hereby authorized to charge any such fees which may be required for this Preliminary Amendment, or credit any overpayment, to Deposit Account No. 13-4500 (Order No. 1232-5199).

An early and favorable examination on the merits is respectfully requested.

Respectfully submitted,
